

## POLICY

### Environment Policy

<b>Document Number:</b> BPP-AEM-PO-005	<b>Revision:</b> 00	<b>Date:</b> 25 May 2018	<b>Page 1 of 2</b>	<b>Approved by:</b> 
<b>Department:</b> Asset and Engineering Management				

#### Introduction:

In our vision, Banpu Power (BPP) will do business with a strong reputation for sustainable development, friendly community relations, and respect for the natural environment. BPP not only recognize that our business operations impact on the environment, but also believe in positive thinking and attitude towards environmental benefits for all. BPP are committed to taking an environmentally responsible approach to all our business activities.

#### Policy Objective:

For this policy BPP intended to;

- 1) Minimize the negative effects
- 2) Enhance the quality of environment whenever reasonably practicable
- 3) Conserve natural resources

#### Policy Scope:

This policy shall be integrated and applied to BPP and our subsidiaries which BPP has management control. Moreover, this policy should be promoted to our joint ventures and throughout supply chain.

In implementing this policy, we establish measurable indicators and Quality Assurance Review (QAR) system to monitor and review performance in order to ensure that this policy's goals and targets would be achieved. HSEC-Corporate would conduct QAR with country in every operations once in every two years.

## POLICY

### Environment Policy

<b>Document Number:</b> BPP-AEM-PO-005	<b>Revision:</b> 00	<b>Date:</b> 25 May 2018	<b>Page 2 of 2</b>	<b>Approved by:</b>

#### Policy Statement/Principles:

At Banpu Power;

- 1) We are 100% compliant  
*We fully comply with all relevant current environmental legislation and company standards as well as monitor developments and prepare ourselves for potential changes.*
- 2) We ensure the continual improvement  
*We provide sufficient resources to develop and maintain the environmental management system with the aim of continually improving our environmental performances.*
- 3) We assess and monitor about risk related environmental issues  
*We integrate risks management principles in every process of our businesses and develop the mitigation measures for each significant risks to prevent or reduce its impact.*
- 4) We manage environmental impacts  
*We ensure that substances or activities posing a threat to environment are prevented from adversely affecting the environment and perform environmental impact assessment for all operational activities.*
- 5) We conserve resources and efficiently use  
*We manage resources (specially; energy, water, and land) efficiently.*
- 6) We communicate and build capacity of stakeholders  
*We communicate environmental aims and objectives to employees and supply chain to raise their awareness and encourage participation.*

#### Responsibility:

- Management in all levels must hold accountability and take leadership in deploying this policy
- Management in each country shall develop local related policy which align with this policy
- Every employee must be made aware of, promotes and implements this policy
- Every employee is expected to extend the awareness and recognition of this policy to our partner, suppliers, contractors, subcontractors, customers and the communities in which we work
